Western Maryland Revolving Loan Fund (WMD RLF)

Program Summary

Through its Western Maryland Revolving Loan Fund Program (**WMD RLF**), the Tri-County Council for Western Maryland (TCCWMD) enhances the economic activity in Allegany, Garrett, and Washington Counties. The WMD RLF Program assists business development and expansion in an effort to increase the number of jobs in the three counties. A project's eligibility for WMD RLF financing is tied directly to the number of permanent jobs created or retained.

The program operates by participating with banks and other private lenders to provide the portion of funding that is not available through your primary lender. The program can be used for both working capital and fixed assets.

Funds for the WMD RLF Program have been provided by the Economic Development Administration, the Appalachian Regional Commission, the State of Maryland, and our local governments.
